

National Council on Alcoholism and Drug Dependence-
New Jersey (NCADD-NJ)

NCADD-NJ works in partnership with and on behalf of individuals, families, and communities affected by alcoholism and drug dependence to expand addiction prevention, treatment, and promote recovery.

“The Advocacy Leadership Initiative will ensure that the voices of recovery will be heard loudly and clearly, testifying to the fact that addiction is a disease from which individuals can and do recover.”

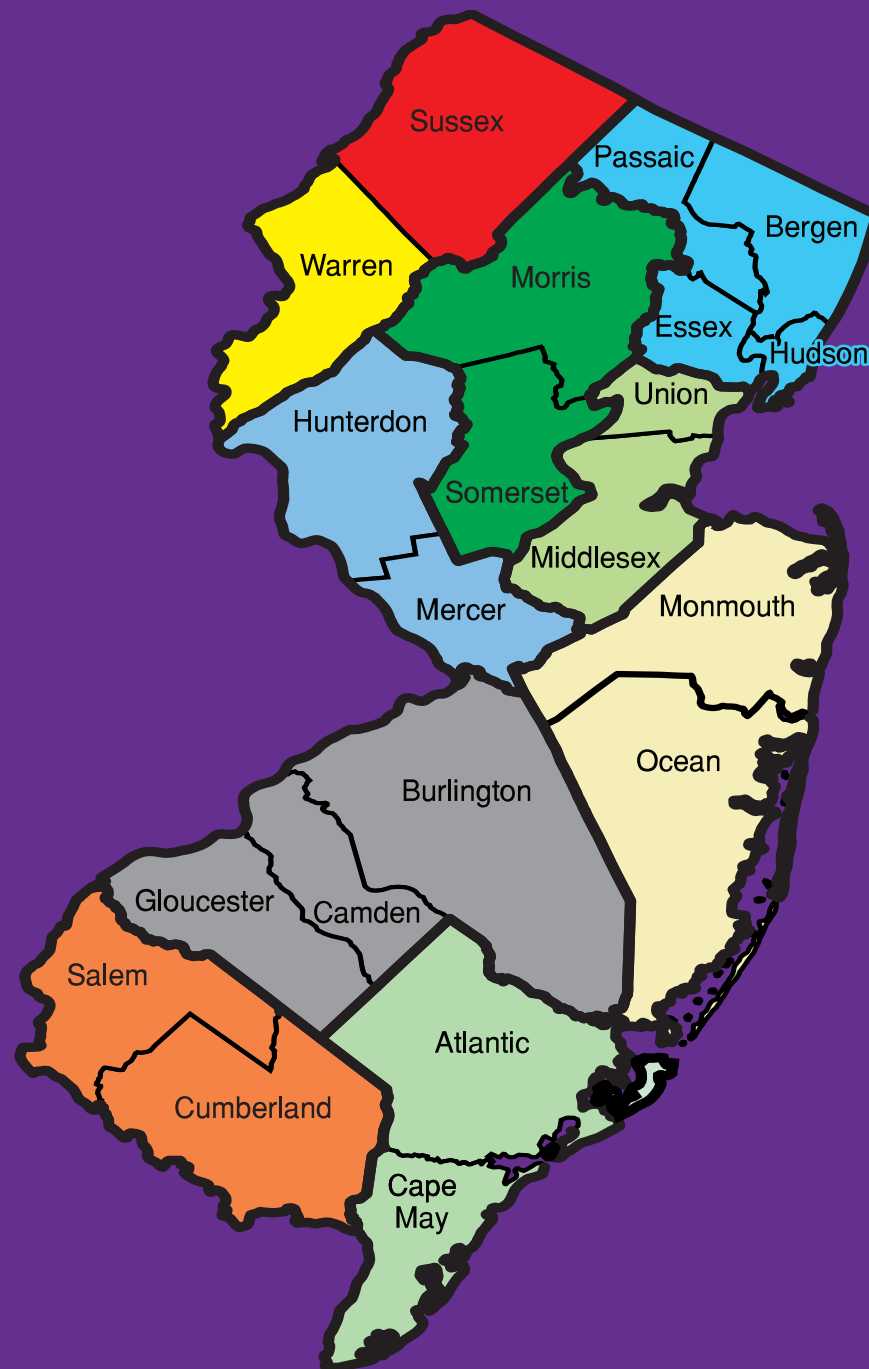

-Wayne Wirta, NCADD-NJ President and CEO

NCADD-NJ Advocacy Leadership Program

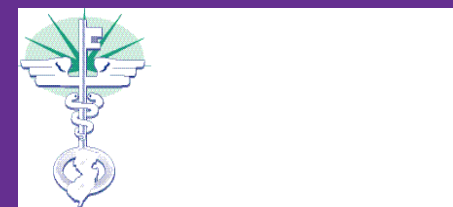

BUILDING A

UNIFIED VOICE

FOR

**PUBLIC HEALTH
SOLUTIONS
TO ADDICTION**

What is the Advocacy Leadership Program?

The NCADD-NJ Advocacy Leadership Program is designed to foster, support and promote generations of leaders around the issues you are most passionate about.

The Advocacy Leadership Program is a grassroots effort of citizen advocates to:

- Highlight solutions to community issues regarding addiction
- Become the experts and trained collective voices in advocacy leadership
- Build relationships with community decision makers
- Work towards sensible policy initiatives

The network consists of Regional Advocacy Teams that YOU can join today!

Regional Advocacy Teams are effective because:

- Regional Teams help localize the issues as they are organized on the county level
- Regional Teams encourage advocates of all skill levels and passions to combine efforts
- Regional Teams give YOU a say in the direction of your local team

NCADD-NJ Advocacy Partner

An NCADD-NJ Leadership Partner is the entry level of the advocacy program. This program provides an introduction to the regional teams and encourages you to attend some basic trainings. The Leadership Partners add to the growing numbers in the grassroots effort.

NCADD-NJ Advocacy Leader

An NCADD-NJ Advocacy Leader is the next level for participants who have received the most policy and skills training. Leaders have attended a majority of their advocacy meetings, and lead the regional advocacy meetings. Advocacy Leaders are recognized by the NJ Legislature and organizations for their tremendous efforts across the state and within their communities.

The NCADD-NJ Advocacy Leader Program is designed to foster, support and promote generations of leaders around the issues you are most passionate about.

NCADD-NJ Think Advocacy

NCADD-NJ Think Advocacy is an online compliment to the advocacy efforts. Think Advocacy is a web-based grassroots effort to communicate with public officials and highlight statewide advocacy campaigns.
